

OpenAtlas - Bug #1015

Multiple Place Add in Entity doesn't work correct

2019-04-26 12:39 - Bernhard Koschicek

Status: Closed	Start date: 2019-04-26
Priority: Low	Estimated time: 0.00 hour
Assignee: Alexander Watzinger	
Category:	
Target version: 3.17.0	
Found in version:	
Description I.e. I want to add multiple places to a source. At the add list I can tick what places I want to add. It works fine if I just browse the lists, but if I use the search box, I can tick the checkbox but it won't add it to the source. Vis a versa, when I tick some places and searche for another place and tick it and then add it, only the searched places are added. For better understanding, please wathc the GIFs.

History

#1 - 2019-04-26 13:30 - Alexander Watzinger

- Status changed from New to Assigned
- Assignee set to Alexander Watzinger
- Target version set to 3.18.0

Thanks for reporting. The animated GIFs are a nice touch.

#2 - 2019-04-26 14:36 - Alexander Watzinger

- Related to Bug #964: Forms: tables with pager ignoring selection after changing page added

#3 - 2019-04-26 14:41 - Alexander Watzinger

- Status changed from Assigned to Closed

Fixed. Also already in master at GitHub if you don't want to wait for the next release (don't forget to reload browser).

Thanks for reporting.

#4 - 2019-04-26 14:56 - Bernhard Koschicek

works, thank you!

#5 - 2019-04-30 13:48 - Alexander Watzinger

- Target version changed from 3.18.0 to 3.17.0

#6 - 2019-05-07 21:44 - Alexander Watzinger

- Subject changed from Multiple Place Add in Entity doesn't work rightly to Multiple Place Add in Entity doesn't work correct
