@ Berni: I just updated the access permissions for the API to "readonly" in feature\_api. Don't forget to pull before pushing. If you don't you'll get a warning anyway - just that you know why.

@ Berni:

I fixed the CRM translations for class and properties.

Also did some reformatting, please make sure that your IDE is configured for 100 characters line limit.

Friday we will merge the feature\_api branch with develop\_bootstrap together.
