

OpenAtlas - Feature #1060

New menu item "Object"

2019-09-20 14:12 - Alexander Watzinger

Status:	Closed	Start date:	2019-09-20
Priority:	Normal	Estimated time:	16.00 hours
Assignee:	Alexander Watzinger		
Category:	UI		
Target version:	3.20.0		
Description			
In preparation for #1038 (Move events) we will move Information Carrier out of the Reference menu to a new menu item called Object for now.			
The menu item label may change and other classes may follow (e.g. finds).			
This separation is necessary for the "move event" and to make future extensions for physical objects easier.
