

OpenAtlas - Bug #1557

Save buttons blocked by map

2021-08-09 15:01 - Nina Richards

Status:	Closed	Start date:	2021-08-09
Priority:	Normal	Estimated time:	0.00 hour
Assignee:	Christoph Hoffmann		
Category:	UI		
Target version:	6.5.0		
Found in version:	6.4.0		

Description

If you enter data and do not move the map to the right side, it is not possible to use (some of) the save buttons, especially on the right side of the screen. The maps seem to overlap the buttons and are blocking them (see pictures). If you move the card to the right with the arrow button, it is possible to use it without any problems.

The bug occurs when using the window only in half size.

Depending on the screen size, the bug does not occur in all forms, but always when more than two options for saving are offered.

History

#1 - 2021-08-09 15:05 - Alexander Watzinger

- Subject changed from Safe buttons blocked by map to Save buttons blocked by map

- Status changed from New to Assigned

#2 - 2021-08-12 15:26 - Alexander Watzinger

- Target version changed from 7.1.0 to 6.5.0

#3 - 2021-09-16 18:14 - Christoph Hoffmann

- Status changed from Assigned to In Progress

fixed in develop, pending feedback from nina

#4 - 2021-09-17 12:55 - Nina Richards

- Status changed from In Progress to Closed

Works great. Thank you so much!
