

OpenAtlas - Feature #915

Export CSV

2018-07-02 13:37 - Andreas Kuczera

Status: Closed	Start date: 2018-07-02
Priority: Low	Estimated time: 0.00 hour
Assignee: Alexander Watzinger	
Category: Data import/export	
Target version: 3.8.0	
Description Stable CSV-Download-URL for the whole database. Needs additional admin option to: <ul style="list-style-type: none">• Enable/disable export• Update the CSV-Download• Configure download path for instance At update provide additional text file with infos like: <ul style="list-style-type: none">• Creation date• Software version• User who made update• List files and filesize Ideas: <ul style="list-style-type: none">• Keep and manage former exports	

History

#1 - 2018-07-03 18:22 - Bernhard Koschiček-Krombholz

- Status changed from New to In Progress

There is already a ticket for the CSV export:

<https://redmine.craws.net/issues/434>

#2 - 2018-07-09 22:54 - Alexander Watzinger

@ Bernhard, thanks for info. Yes, the ticket is related but has much broader specifications. I added the relation.

#3 - 2018-07-09 23:04 - Alexander Watzinger

- Subject changed from CSV-Export to CSV export of database

- Target version changed from Wishlist to 3.8.0

#6 - 2018-08-23 11:43 - Alexander Watzinger

- Subject changed from *CSV export of database* to *Export CSV*

#8 - 2018-08-24 14:26 - Alexander Watzinger

- Status changed from *Assigned* to *Closed*

CSV Export is implemented and will be available in the 3.8.0 version.

It is possible to export individual tables or create a ZIP file containing a info text file (with instance URL, date, username and software version)
